So, what are the facts? Was this just a rumor? We discovered not. A business meeting of the City Council-they used to call them caucuses-that's secret, you know -was scheduled for Thursday night to discuss the problems of perfecting a city budget which is about \$40,000 short of anticipated revenues to meet anticipated expenditures for the next fiscal year. A proposal has been tossed into the agenda to prepare an ordinance requiring that householders pay a nominal fee to the city for heretofore free garbage collection.

To charge, or not to charge, is the question which has councilmen in a pre-caucus tizzy. All the administrative brains are being brought to bear on solution of this revenue enigma. The course of subsequent events may change, of course, but that's the way it stands at the moment. There can be no help from parking meter revenue because the bulk is pledged to purchase of new parking lots.

If city councilmen reach a determination of the problem, no doubt it will be a part of the regular Council meeting proceedings Monday night.

In the meantime it's just on hot plate-and is it hot!

### Second Street Gets Stripe Down Center

A white stripe has been painted down the center of Second Street from Osage to Lamine in an effort to get more cars across the intersection at Second and Ohio. The thinking behind it is this:

Only about three cars can get across Ohio now when the light is green. But there is ample room for two lanes of cars, since Second is a one-way street. So why not paint a center stripe to encourage two lanes of cars and thus get six cars across the intersection rather than three?

# WHY THE PICKET?

picket is walking so long in front of the Shryack-Wright Wholesale Grocery Company. We think it might be proper to let you know our side of this affair.

More than a year ago we wrote an agreement with this Company and agreed for wages to be \$1.30 per hour for warehousemen and \$1.35 per hour for Truck Drivers, which was low even at that time. When the contract was due for renewal this March 4, 1958, we asked for a 10c per hour increase in wages, basing our request on a Cost-of-Living increase of 7.3c per hour and a wholesale increase of 8.9c per 100. The Company (Shryack-Wright Grocery Co., both Mr. Griffin and Mr. Wright) have told us that they would not pay an increase.

With such low wages and such company attitude, we went on strike. This is the reason the pickets are could show inability to pay.

These are our reasons for picketing Shryack-Wright Grocery Co.

Democratic victories this year

"Coming events cast their shadows before," said Farley who masterminded the first two election campaigns of President Franklin D. Roosevelt.

Still husky and vigorous, the former postmaster general and Democratic national chairman will mark his birthday Friday with a family dinner party. At this milestone, Farley looks back happily on his thousands of

personal friendships. And he looks orward with confidence to the nation's future. "We are living in troublesome

days," Farley commented in a prebirthday interview. "But we always have had troubles since the foundation of the Republic." Farley, whose friendships tran-

scend political lines, urged that Congress and the people give every cooperation to President Ei

"I hope very much that there will be continued cooperation by Congress with President Eisenhower in the passage of legislation essential to enable the United States to maintain its position of leadership," he said.

"His position is a difficult one and it is the duty of all Americans to the extent of their ability, to help him carry out the duties of his office.'

Farley now is board chairman of the Coca Cola Export Corp. He appeared fit and alert enough to step back into an active political role-and it is just possible that he may.

Friends have been urging him or the Democratic nomination for United States Senator. He declined to say whether he would be interested but added that sooner or later he would make his posi-

Returning to Washington I find that it has

also become dangerous to criticize the FBI here.

After Cyrus Eaton, the Cleveland industrialist

This is unusual. It is not unusual for a govern-

The Central States men's championship and the women's world tag team title will be up for grabs here June 3 when professional wrestling returns to the Armory.

Sonny Myers and Otto von Krupp will be the rivals in the men's feature. Champions Lorraine Johnson and Penny Banner will defend their women's tag crown against Kay Noble and Kathy Starr.

Other matches pair Flying Joe Scarpa and Thor Hagen and Banner and Starr.

The powerful von Krupp, defeated by Myers only once in a series of matches this season in the midwest, will be counting upon his superior strength to get by the husky St. Joseph grappler.

Myers is proficient in the use of the Japanese sleeper, the only hold which has given the German any real difficulty this season. With the measure, Myers has lulled several opponents to sleep in gaining deciding pins. Von Krupp, instead of trying to break the hold, pulls to the ropes to force its release.

In a recent test with Myers, von Krupp surprised the Missourian by pushing off the ring rope turnbuckle and landing atop his foe for the pin after Myers had applied the sleeper.
